SNORKELLING

Cruising through the atolls gives the chance to snorkel a different reef everyday, for you to enjoy the natural wonders of the life of colourful tropical fishes that dwell among the coral gardens with morays, turtles, rays and reef sharks. To make it an enlivening adventure, the onboard dive instructor will guide you on the snorkelling trips and share with you his knowledge on the Maldivian reefs.

WATER SPORTS

Add a dash of thrill to your adventure by participating in your choice of motorised and non-motorised water sports activities available on board.
